GLAZING SEALS
AND PROFILES

GLAZING SEALS

FOR ARCHITECTURAL APPLICATIONS

Optimal energy efficiency and living comfort in buildings is ensured by quality façade and glazing systems. Sealing profiles are critical components of glazing systems ensuring weatherability, overall structural integrity and an air, moisture and watertight seal.

For your architectural glazing needs, we supply a wide range of window and glazing rubber seals custom-made for your design and specifications. We manufacture extruded silicone, EPDM, and neoprene rubber gaskets of various shapes and sizes that are made to last.

CAPABILITIES

CUSTOM RUBBER EXTRUSIONS

Extrusion of solid profiles:

- Silicone extrusions
- EPDM and neoprene extrusions
- ASTM C864, C1087, C542, C964, C1115, C1166, D925, E2203 and ASTM C864
- UL and other specs/standards

Secondary operations such as:

- Hot and cold splicing
- Cut to length
- Taping PSA / HATS
- Drilled holes
- Color matching

Window sash seal,
Silicone 60 Duro (two-up)

Window press in shim seal,
EPDM 60 Duro

Thermal break gasket,
EPDM 60 Duro (two-up)

Glass preset,
EPDM 60 Duro (two-up)

Interior glazing gasket,
Silicone 60 Duro (three-up)

Offset mount interior glazing,
SCR 60 Duro (two-up)

Pressure plate gasket (compression gasket),
EPDM 70 Duro (two-up)

Center mount interior glazing,
SCR 60 Duro (two-up)

SEALING PROFILES

CUSTOM-MADE FOR YOUR APPLICATION

For window gaskets and seals such as: weather seals and strips, curtainwall seals, double glazing gaskets, glazing wedge rubber, locking window gasket, window trims and moldings, or other type of profile, we can support you from the design and development stages up to production and delivery.

SERVICES

WE PARTNER WITH YOU FROM START TO FINISH

At Vicone, production, design, and optimization of extruded rubber profiles and seals are what we do best. Since 2004, we have been supporting manufacturers in their product development process, from concept to production, by using our value-added services. We've got you covered with our design, manufacturing, inventory management, strategic production, and secondary processes. We believe in building strong partnerships and want to help you reach your growth objectives.

Working with Vicone, not only do you get quality products, custom-made for your application and delivered on time, but also a team you can rely on.

"Dare to become better" is the vision that guides us and how we go about our business. Integrity and passion, a dash of creativity, lots of flexibility, resourcefulness, and reliability is what our team is about. We want to contribute to your success and be proud of the work we accomplish together.
